

Garretson School District 49-4

BLUE

Garretson Pride Award Dee Olson

After retiring from the Garretson School District in 2011, Delores Olson finds herself following the district calendar once again. Dee served as a classroom aide in first grade before her retirement. The following year, she returned as a volunteer and substitute teacher. As the district worked to hire an aide in the special education department last September, Dee offered her services to fill the position throughout the remainder of the semester. Her connection to the students and passion for teaching has now prompted Dee to stay with the position until May. All students at Garretson Elementary benefit from Mrs. Olson's positive energy and compassion towards others.
