

# Garretson School District 49-4

## BLUE

# Garretson Pride Award Mrs. Kathy War Bonnet

Mrs. Kathy War Bonnet has been selected as a PRIDE award winner for her commitment to and compassionate work in the special education department. Kathy teaches in a self-contained classroom and facilitates the district's early childhood special education needs. Her lessons incorporate current, best practice teaching methods and Kathy is always looking to learn more to help her students. She takes personal interest in each of the students she serves and goes above and beyond to help not only them, but their families as well. Kathy was recently nominated by one of those families for the South Dakota Special Education Teacher of the Year, an award she is very deserving of. Her dedication to the teaching profession is a rare find as is her humbleness in being recognized for it.
