

**Garretson School District 49-4**

# **Garretson Pride Award**

## **Ruth Sarar**

Ruth Sarar received this award for her exceptional job of educating our students the past 34 years. Many students have gone through Ruth's Senior English, and have commented how well they felt they were prepared for college.

Ruth has always been there with extra curricular--whether it was the play, the yearbook, helping with the National Honor Society, helping with ticket taking or helping at the Track Meets we have hosted. She is always there for our school and students.

Teaching German, having lived there herself, she gave our students a great prospective of this language. She brought a cultural aspect of teaching the German language, and at times taught German I and II the same hour so our students would be able to have these classes available.

Ruth was instrumental in getting the Senior Project going and was a founding mother of it.
